

Hancock Prospecting International Women's Day Luncheon

Hancock Prospecting and the Georgina Hope Foundation were delighted to return for the second year as the major sponsor for the Hancock Prospecting International Women's Day Luncheon – kiss violence against women goodbye.

The event was held at Crown Towers, Perth, to celebrate women, such an important day across the globe. The event was a great success, raising funds to help against domestic violence. Special guest, former tennis player Jelena Dokic was the key note speaker, empowering all guests in the room with her courageous story.

Photos below from the event.
