Mines and Money London 2018

Considered to be Europe’s most prestigious mining investment awards and a highlight in London’s mining calendar, the Annual Mines and Money Awards for Outstanding Achievement are where ‘the best of the best’ globally receive recognition for their achievements over the past year.

Nominated by industry peers and chosen by an esteemed panel of judges, these awards are designed to recognize excellence and outstanding achievement over a wide cross-section of the global mining and investment sector.

Sponsored by IBK Capital and SIMEC this year there are over 20+ awards recognising excellence in the mining industry, “We had a record number of entries this year across all award categories and congratulate all of those companies and individuals who have made it on the shortlist for this year’s awards” says Andrew Thake, Head of Content for Mines and Money.

The winners will be announced at the Gala Dinner at the Intercontinental Park Lane on Wednesday 28 November 2018, where Gina Rinehart will be the guest of honour.

About Mines and Money

Mines and Money is the leading international event series for capital-raising and mining investment.

For the past 15 years, Mines and Money has run successful events in London, Hong Kong, Melbourne, Toronto and New York.
