

KJTC 10th Year Anniversary Dinner – Toast by Mrs Gina Rinehart AO

Good evening, what a wonderful and special occasion to be here together, celebrating 10 years of our Roy mega project.

Wasn't Gerhard's speech fantastic, thank you Gerhard, not only for that, but also for your kind words, and for being Roy's fantastic CEO.

I'd like to add a few comments.

The development and expansion of Roy put us on the map, not just in the Pilbara and across Australia, but globally.

I'm so very proud and delighted that our employees at Roy tell us that we have created the best company in Australia.

Matt, please show this film clip, to hear in their own words.

Film clip

I will always remember very fondly my family's long friendship with Marubeni's Dr Muraoka and Marubeni since my youngest days. This started in the Pilbara at our Hamersley cattle station, where Dr Muraoka lived and worked, with growing excitement, back in the early 1960s. Thank you Marubeni for arranging tonight's celebration together.

Pause and raise glass

As we celebrate our extraordinary journey and achievements together, the excellent relationships we have built, I would like to raise my glass and thank each of you, and the companies you represent, most warmly and sincerely.

Kanpai!

Geonbae!

Kan-lah!

Cheers!

Chink glasses with Gerhard and Garry

And, with a little warning, I would like to invite, those who may like to give a toast, get some words ready for after our dessert.
